PROFILE

As an artist my whole life I have been honing my skills ever since I could hold a pencil. My abilities have found me in high school as an art tutor and aid for my art teacher. As a college student my professors would often use my work as an example for other students and to display in the halls. I am a recognized artist in my community known for my animal portraits, fantasy pieces and passion for character design.

EXPERIENCE

Commission Work 2017-Present

I create detailed acrylic portraits of client's pets and strive to make my paintings as life like as possible.

Logo Design 2017-Present

I designed a logo for a dental lab in 2017, a prosthetics company in 2020 and am continuing to work with them in their rebranding.

Retail Work 2018

Cashier

Volunteer Work 2016-Present

I volunteer through my church doing property clean up, yard work and hospitality.

Pet Sitting 2015-Present

I take care of dogs, cats and exotic animals. I am a trusted individual in my community, known to be responsible and caring when it comes to beloved pets.
